

Proposal of BINTALROH NGO "Intermediate counselling in Prison and Detention centre In Yogyakarta Special Region"

INTRODUCTION

Problem of the high crime rate is very alarming, nationally. As an illustration, in 2010, crime in Jakarta, according to Metro Jaya Police Chief Inspector, General of Police Sutarman in year-end report (12/28/2010) was 55 006 cases. While in Yogyakarta Special Region, according to Police Chief DIY, Brig Ondang Sutarsa (30.06.2011), amounting to 3185 cases.

As a partner of government in terms of mental and spiritual development for citizens of Indonesia, BiNTALROH NGO (Mental and Spiritual Development, Non Governmental Organization) feel burdened about that and try to take part in this mental and spiritual development, particularly for offenders who had undergone the criminal, both located in prisons and in the detention centre. This is related to the conviction of it institution, that: **"Relieve the suffering of others is a divine work"** (*Sedare Dolorem Opus Divinum Est*)

The criminals that are convicted (in prisons and detention centre they are called assisted members) may be appropriate for serving deprived of their liberty. However, the others of their rights should not be deprived, and they should not be treated in ways that are not humane. Assisted members had an equal right with us, because they have the same with our Creator. This is parallel to the written words in Matthew 25:36:

"When I was in prison, said Jesus, you came to Me."

While in the book of Proverbs 14:31;

"Who is oppressing the poor, insulted his Creator."

With the method of intermediate counselling, we feel this is a right method of the existing variants to rehabilitate them, look for root causes and release the old paradigm and the stigma of living communities by promoting fear of the Lord.

1. DESCRIPTION OF INSTITUTION

Name of Institutions

BINTALROH NGO (Mental and Spiritual Development, Non Governmental Organization), incorporated on March 24, 2004, with Notary Act No. 43/4/2004 and SKT Number: 231 / 07 / Kesbang / II / 2010.

2. IDENTIFICATION OF STRATEGIC ISSUES

Psychological Analysis

Responding to magnitude of crime in Indonesia, as mentioned above, the rate of crime in Jakarta, in 2010, was 55,006 cases, while in Yogyakarta Special Region, was 3185 cases. With the origin and background of the different actors: of ethnic background, religion, race, education, etc. Plus, of deepening our big causes of crime mainly because:

- a). Economic factors / unemployment;
- b). Dependency factor;
- c). Family factors;
- d). Internal conflict.

Thus, intermediate counselling methods we sense this is proper to rehabilitate them.

Issues to be addressed

Problem to be handled by BINTALROH NGO is specialized in the field of mental, spiritual, work skills and health, etc..

The target group (the assisted members):

Based on data in July, 2011, residents of prisons and detention centre in Yogyakarta Special Region, specifically the Catholic and Christian religion, as follows:
